Call of Duty: Black Ops II is a 2012 first-person shooter video game developed by Treyarch and published by Activision. It was released for Microsoft Windows, PlayStation 3, and Xbox 360 on November 12, 2012, and for the Wii U on November 18 in North America and November 30 in PAL regions.[1][2][3][4][5] Black Ops II is the ninth game in the Call of Duty franchise of video games, a sequel to the 2010 game Call of Duty: Black Ops and the first Call of Duty game for the Wii U. A corresponding game for the PlayStation Vita, Call of Duty: Black Ops: Declassified, was developed by nStigate Games and also released on November 13.

Story

The events of the player's ending are determined on the fates of Menendez, Lynch, and Alex Mason, and whether the Strike Force missions were completed.

A non-canon ending is unlocked by completing the game, depicting Menendez and Woods performing at a concert with Synyster Gates and M. Shadows of Avenged Sevenfold, with the rest of the characters from the game dancing, in a mid-credits scene; it acts as the game's official music video.

Dan Ryckert of Game Informer was also critical of the artificial intelligence of Strike Force mode, and was unimpressed by the "Pick Ten" system introduced to multiplayer modes, noting that it was "interesting, but ultimately less exciting" than the system used in previous Call of Duty titles.[71] Like Gallegos, Ryckert praised the narrative and structure of the single-player campaign, introducing changes that he felt were overdue and noting that the branching storylines "had me talking to others about their experiences in a way I had never done before with this [Call of Duty] series".
