What will the players do in Animal Games?  
There's a common misconception that serious men and women shouldn't play games regarding animals because they're for kids. Simulation models of zoos, pet shops, virtual farms, and other animal-related games are, in fact, excellent amusement for both boys and girls and help teach kids the moral lesson that "we are accountable for those we have domesticated." Even grownups occasionally get tired of playing "real" games, and we long to be kids again, gazing at fluffy kitties rather than vicious orcs and rainbows rather than bloody rivers. You will take care of your pet, feed him, comb, and play with him. It is a great responsibility, but at the same time, it is great to feel that someone loves you so much and is always waiting to meet you. In online games, the choice is not limited to cats and dogs.
