e original Five Nights at Freddy's tale, where you must💸 defend your

self from animatronic characters.</p>

<p>As a youngster with an unknown duty, you must protect yourself until 6

a.m. by keeping💸 an eye on the doors and warding off any unwelcome anima

ls that may venture into your closet or onto the💸 bed behind you. In thi

s version, you have to guard against more animatronic characters than the previo

us version, including Freddy💸 Fazbear, Chica, Bonnie, Foxy, and even var

ious scarier creatures lurking in the shadows. Your duty will become extremely h

ard and💸 challenging.</p>

<p>You can only protect yourself with a flashlight. It will scare away any

thing lurking at the far end of the💸 corridors, but be cautious and list

en. If you go too near to anything, flashing lights in its eyes will be💸

your undoing.</p>

<p>Note that Nightmare Fredbear works alone on Night Five and Foxy is in t

own. When you check the closet,💸 get ready to shut the door immediately.

Check behind you on occasion! If anything sounds out of the ordinary at💸

; all, shut the door!</p>
