Football corners predictions is one of the fairly ne

w tips offered by tipsters and by us. Some say it's luck , £ predicting cor

ners in a football game, but we at AFootballReport find in corners very profitab

le markets especially in live events , £ when odds go very high as the game evo

lves. So how do we predict corners? Of course as any other football , £ predicti

on and corners are related to a number of pre-match and team factors. First of a

ll we should see the , £ type of game we're looking for or the type of game

we want to predict. Is it a game with , £ a strong favorite or just two equall

y strengthen teams that play. If it's a game with a strong favorite probably

, £ we should pay attention to the corners race predictions as strong favorite

s always keep the ball in possession more than , £ the other teams and create m

ore chances as they push forward almost during the whole game. Keep in mind in

, £ live events that if the score is in favor of the favorite team then this tea

m would not be so , £ motivated to create chances and would probably win less c

orners than in a draw event or from behind.

Second thing we , £ should use when making our corners tips is to see

the teams lineups and tactic for the upcoming game. Target , £ teams with more

offensive tactics and teams that use wingers heavily in their attacks. For exam

ple, some good wingers for , £ the home team could easily produce more than 10-

20 crosses in the penalty area which very often defenders clear in , £ corners.
