Tic-tac-toe has been solved. The optimal first move is to go in the corner. As always, there is a relevant xkcd.

What is the optimal first move in tic-tac-toe? puzzling.stackexchange : questions : what-is-the-optimal-first-move-i...

robo mini bet365

The first player can't guarantee a win, and the second player can't guarantee a win either. This is assuming both players make no mistakes in their moves. Therefore, neither going first nor going second guarantees a win if both players are playing their best.

Tic-Tac-Toe is a solved game.

If you go first in tic tac toe is it possible to win every single game ... - Quora
