2023. List of the best Aviator casino sites 2023. Slots.lv: the best Aviator site for playing with friends. Cafe Casino. No world of popular culture, especially in America, the Nineties know what pin up means? In short, it's a term used to describe models of glamour, actresses and models of fashion whose images were often informal and esthetic, as if they were fixed to a wall. These images, as we know from our article today, are often well-known, like the "cheesecake" in the United States. The term "pin-up" became popular in the 40s, when images of beauty and grace like Betty Grable and Rita Hayworth filled the armchairs and offices of men who served in the armed forces during the Second World War. Many women also adopted a fashion style, being admired by movie stars and models of the time, who took on feminine and provocative forms, creating a sense of excitement and desire, which led to the "pin-ups" phenomenon.
