<p>Since people have always enjoyed unwinding and having fun, they have created numerous devices or simply exploited resources that were available to them. That is how things familiar to us were created: balls, skittles before that they were just stones and sticks. But now we have all these technology and devices, thanks to which the gaming component of everyday life has increased many times.</p>

<p>Since modern browsers have stopped supporting Flash technology since 2024, games based on this system are gradually leaving web pages. However, there are still some of the most popular toys that work in browsers using special emulators. HTML5 technology significantly expands the possibilities for players. Created using modern developments, HTML5 games can be launched both on desktops and on many other devices of various modifications.</p>

<p>Our editors have been working since 2013 compiling the rating of games for you, and many of our regular visitors are constantly sending interesting new materials. You always have such an opportunity! Together we are working on the popularity rating of 1001 games and strive to keep it up to date. The sets of game categories are quite diverse, and the plots of many 1001 games are classified into several genres at the same time, so you can always understand what is most popular and in demand right now. Although we firmly believe that Poki games are worth checking out, there are currently a lot more offers from other game developers. These top 1001 games may not always meet your specific needs, so we suggest you look deeper, scroll through the pages of the game category, and you will definitely find exactly what you are looking for.</p>

<p>Some players might enjoy playing strategic 1001 games, but others would prefer a frantic shooter. We offer challenges for everyone, whether you prefer those that call on you to solve a variety of puzzles and carry out logical activities. Remember, to work well, you need to rest well. Play with us!</p>

<p>We are delighted to announce a significant development at Desura: the acquisition of the gaming projects Game&Game and Desura. As a result of this successful merger, these projects have now become an integral part of our gaming platform.</p>
